

PRESS RELEASE:

MEDICINE RECALL NOTICE TO THE PUBLIC

12th October, 2019

The General Public is informed that the Botswana Medicines Regulatory Authority (BOMRA) has recalled with immediate effect from the market, **ALL RANITIDINE** containing medicines registered for use in Botswana.

Some of the recalled medicines can be identified in the images below:

We have confirmed that the medicines above are currently available in Botswana.

This recall notice is triggered by a safety concern that the medicines may contain contaminants associated with cancer.

Should you be taking any of these medicines, please stop the medicine and consult your Doctor or Healthcare Professional for advice.

For more information, please contact BOMRA on:
